

This document will be replaced with a document that includes a profile of the information found on the webpage that corresponds with the menu option to the left.

The replacement description profiles the content of the webpage, than provides a written description of the components that make up the webpage. This is done to facilitate the visitors ability to navigate the website and make the best possible selections.

When the concise description below the menu option is not enough for the visitor to make their selection, they can click on the icon to read this document.

After reviewing the content on the webpage, they can come back to this icon to get a written description of the content of the webpage. The written description of the content on the webpage that was of tremendous value for their needs can be downloaded to their computer or sent to their printer.
